

# Sujal Prasad Singh

Computer Engineer

CONTACT

Phone: +9779818366220  
Email:singhsujal870@gmail.com

Address: Sanepa-2,Lalitpur,Nepal

EDUCATION

**Advanced College of Engineering and Management | 2022–Present**  
Bachelor of Computer Engineering

**Trinity International College | 2020–2021**  
Intermediate Level (+2)

**Gyanodaya Secondary School**  
Secondary Education Examination

SKILLS

**Programming Language:** Python , C and C++.

**Tools/Software:** Labelimg, Jupyter, Git, Figma, Power BI.

**Soft Skills:** Communication, Teamwork

ACADEMIC  
PROJECTS

**Paddy Disease Detection using YOLOv9**  
Developed an object detection model to identify sheath blight and brown spot in paddy images using YOLOv9. Trained and evaluated model using annotated datasets on a software Labelimg.

**ONGOING PROJECT:**

**Analyzing Deep Learning Approaches in Unimodal and Multimodal Frameworks for Alzheimer’s Disease Stage Classification**  
This project focuses on using deep learning to classify Alzheimer’s disease stages. It explores both unimodal approaches with MRI scans and multimodal approaches combining MRI, PET, and clinical data to improve prediction accuracy

CERTIFICATES

**Python With Data Science | 2024**  
RIU, Adadvanced College of Management

**UI/UX using Figma| 2023**  
RIU, Adadvanced College of Management
